

## STROKE SYMPTOMS:

### WOMEN

-  Face Drooping
-  Arm Weakness
-  Speech Difficulty
-  Vision Problems
-  Lack of Coordination
-  Severe Headache
-  **General Weakness**
-  **Disorientation & Memory Issues**
-  **Fatigue**
-  **Nausea or Vomiting**

### MEN

-  Face Drooping
-  Arm Weakness
-  Speech Difficulty
-  Vision Problems
-  Lack of Coordination
-  Severe Headache

Just like in Heart Attacks Men and Women can have differing symptoms. Women's symptoms of stroke tend to be more subtle than Men's symptoms.
